Quotes:

"We are very excited to be representing Maxime Bernier's People's Party of Canada in the riding of Guelph. All across Canada people are hearing his message of Freedom, Respect, Personal Responsibility and Fairness and believe now more than ever we need to restore those tenants to our government. The traditional parties do not answer questions anymore. The traditional parties shut down investigations and decide to investigate themselves. The traditional political parties have left the Canadian people far behind and it's time for that to change. We are dedicated to organizing locally to make sure the People's Party of Canada is successful in the 2019 October election."
